

# **833 Bryant Night Construction Starts Sunday 10/18/20 at 10pm**

**Delivery:** Trucks carrying the factory built housing units will exit on Bryant Street. A crane will place the units.

**Lighting:** To allow the construction crew to work safely there will be additional lighting on-site.

**Noise:** The crane warning horn will sound when the factory-built housing unit is lifted.

**There will be a minimum of 6-8 factory-built housing units set each night at the approximate rate of one per hour. Therefore, there will be a minimum of 6-8 short crane swing warning horn blasts per night.**

**Please contact Pati Boyle at (415) 722-3584 or [patiboyle@comcast.net](mailto:patiboyle@comcast.net) with questions or concerns. Pati is available to assist on trouble shooting concerns regarding noise and light**

**For additional information please visit [833bryant.org](http://833bryant.org)**

**Sincerely,**

**Mercy Housing California**
